
Math Mania 1st Grade

Would you like your child to receive some reinforcement and review math concepts currently being taught in 1st grade? Ms. Chaput will provide a small group setting for students to build their confidence in math. We will complete math homework and play math games built around current math concepts. We will make learning math a blast!

The students and I will meet once a week on Tuesday's from 3-4:15pm. The fee is $20 per session. This payment is due before the monthly session begins. The cost covers snack and materials needed for the classes. Your child will have the option to continue with Math Mania throughout the year and each month's cost will change based on the number of sessions offered. Class sizes are limited. A snack will be provided each time. Dismissal will be in the back parking lot.

If you are interested in your student participating in this program, please complete the bottom of this form and return it to school marked "Attention, Ms. Chaput" along with your monthly payment. Please make your check payable to Tina Chaput or venmo - Tina Chaput @Tina-Chaput-1. If you have any additional questions, please feel free to contact me at tchaput@stmm.org.

September Math Mania 1st Grade
